INTRODUCTION

Nothing could adequately describe the resplendent rock garden that is the Burren, with its abundance of exotic flora, bird and wildlife. Dotted with megalithic stone tombs, some representing the regions earliest monuments (from about 3,800 BC) including Poulnabrone Dolman. There is an abundance of Christian and pre-Christian monuments, along with medieval settlements - castles, ring (fairy) forts, wishing wells and ancient churches spanning the centuries of time.

You will enjoy the stone forts, monuments, alpine and arctic flowers and plants that grow side by side, the seeds having been deposited by glacier millions of years ago. This is the mystical land of disappearing rivers and lakes, closed valleys, caves and limestone pavements. You may even find a real fairy fort!

The Aran Islands, three timeless islands in an endless sea showcase weathered monuments on awesome cliffs, great labyrinths of limestone, meandering walls, patchwork fields, quiet beaches and a welcoming island people.

For this rewarding bike trip, we have chosen a wonderful variety of quality, select accommodations that offer a blend of comfort, location and personal hospitality. You will enjoy the delights of stunning settings and vibrant culture.

Experience the Irish welcome: "Cead Mile Failte" (A Hundred Thousand Welcomes!) and small village life as we travel the winding roads of the West.

"Our trip was fabulous! You really know how to organize a tour for the greatest scenery and wonderful accommodations.the little lanes we spent the majority of our time on were so relaxing and fun to ride on. They also got us into the wilderness and I often felt we were a hundred miles from anywhere!"

See one of Ireland's last remaining ancient Round Towers, an 111 ft tall leaning tower. We cycle onward to a picnic site where we will have lunch. This is a unique area steeped in ancient history and dotted with ancient archaeological sites, which we take time to explore. Onward to the village of Corofin, where you overnight at **Corofin Country House. (Days miles: 17 minimum, 35 optional.)**

OUR GREEN FOOTPRINT

We have arrived at an incredible moment in the history of travel. This is a time for us to show stewardship and leadership by embracing a new, greener set of principles, and by extension, the growing number of customers who now follow us. We know that, increasingly, international travellers are looking for unique, authentic experiences that are sustainable. Consumers today care about the environment, local communities and locally-produced food when they travel.

We have been integrating sustainable practices into our business operation as well as into our trips. By incorporating change into the areas of heating, lighting, water usage, printing and paper usage we have incorporated a green strategy into our business.

When you travel with CycleWest Ireland you will be supporting local Irish communities, local food producers and artisans, local business and by doing so, you creating your very own rewarding experience! At CycleWest Ireland, we celebrate the authenticity, the diversity and quality of Irish country homes and hotels. Each location has been selected for its personal and charming qualities. Typically family owned and run, we offer a superior selection of Bed and Breakfast guesthouses, country houses and hotels have been tried and tested on your behalf!

A wonderful breakfast made of home grown, organic or locally sourced produce is provided at the beginning of each day's cycling. At the end of each day, we have selected a variety of restaurants, many award winning, that are known for the finest Irish ingredients: local seafood, freshwater fish, vegetables and farmhouse cheeses all featured, often from their own gardens, farms and rivers.

CycleWest offers cycling tours in Ireland that combine authenticity and ambiance by emphasizing small groups, a relaxed cycling pace and charming accommodation. In this way, we hope to deliver a unique biking experience amidst the legendary countryside of Western Ireland. By travelling by bike we introduce a greater immersion into local communities and families on our trips. You get to meet and engage with local villagers and learn more about local Irish culture. Our guided tours are designed for individuals from all walks of life and of varied interests and abilities. We usually limit the number of participants to a small group: 8 – 10 persons in each group. This way we can offer a uniquely personalized experience to each of our guests. We provide vehicle support and luggage transport. By travelling as a small group we can truly have a positive interaction and social exchange with the people we meet and visit.

We give you the opportunity to learn some of the Gaelic language. By learning a few phrases and greetings in the Gaeltacht (Irish Speaking areas) you visit shows that you have an interest in the Irish history and culture. Many places have special environmental and historical significance. We like to give you the opportunity to learn about places you visit and their impact upon our lovely country, areas of natural focus and our heritage here in Ireland.

CycleWest Ireland is a member of the Ecotourism Ireland Network and we are currently preparing for Eco Tourism Certification. Ecotourism Ireland is among the first labels in Europe to be formally recognised by the Global Sustainable Tourism Council.
