Our trip was fabulous!. You really know how to organize a tour for the greatest scenery and wonderful accommodations.the little lanes we spent the majority of our time on were so relaxing and fun to ride on. They also got us into the wilderness and I often felt we were a hundred miles from anywhere!"

Dan Peters & Family, Superior, Colorado

'We still talk to one another often and with great pleasure about our trip. We have so many wonderful pictures of our trip. As wonderful as our week in Ireland was, it was hardly enough time to fully capture the depth and breadth of your beautiful country and we all hope to find ourselves back on your roads sometime in the future. ...Thanks again to you for all the effort and attention you gave us.'

ITINERARY

This is one of CycleWest Ireland's most popular tours in Ireland. We have been offering this biking trip for the past 12 years and our guests, young and old alike, are inspired!

Day 1: Welcome to the Emerald Isle!

Here you begin our celebrated tour of the West Coast of Ireland: the Burren region, the Aran Islands and Connemara. We meet in the village of Ballyvaughan at your first overnight tour accommodation. Further details and transfer options will be sent to you upon booking your tour. Welcome meeting and bike fit out with briefing in the late afternoon. You will spend the next two nights here in Ballyvaughan.

DAY 2: Castles and Caves

Today you explore medieval Newtown Castle before setting off on your day's adventure. This day is designed as a leisurely day to bring you into the heart of the Burren, explore Ailwee Caves and the Wild Bird sanctuary where you can watch the falcons fly. A day of history and scenery, of ancient ring forts and dolmens. Onward to the environmental initiative of The Burren - the Burren Interpretative Centre in Kilfenora. Discover a world of wildlife, folklore, ancient archaeology and wonderful plant life. Explore Kilfenora Cathedral and Celtic High Crosses. Overnight in Ballyvaughan.

Daily Miles: Minimum mileage of 15 miles with extensions. Total possible miles: 42.

DAY 3: Moonscapes and Music

Having viewed Newtown Castle, a 12th Century tower house, you continue with today's biking. A leisurely ride along one of the most scenic coastal routes. The flaggy shoreline, Fanore Beach and Blackhead Lighthouse are amongst just some of the points of interest you view along the route this morning. An afternoon ferry ride from the village of Doolin will take you to the historical Aran Islands, where Gaelic is the spoken language. Visit the historical Dun Aengus Hill top fort towering 700 ft above the ocean. Enjoy the vistas of white washed cottages and the intricate network of stone walls. This is a visit you will treasure long after your visit to Ireland.

Transfer by ferry and overnight on the Aran Islands.

Daily Miles: Minimum mileage of 19 miles with extensions. Total possible miles: 30.

DAY 4: Ferries and Foxes

Mid Day departure from the Aran Islands to the Rosaveal ferry port. You traverse a route bordered by heather and bracken, through scenery that is wild and barren. Picnic lunch en route followed by a bike ride through the rugged Twelve Bens mountains towards the rugged coastline. Recommended evening cocktails and dinner at a local restaurant, where the food and produce are all sourced in the West of Ireland. Overnight in Clifden.

Daily miles: Minimum mileage of 25 miles with extensions. Total possible miles: 45

DAY 5: Seascapes and Sandcastles

Early morning start to Roundstone village, the most picturesque fishing harbour in Connemara where traditional Galway Hooker, lovingly cared for over the years, can be seen on Bertraghboy Bay. You visit Malachy Kearns Musical Instrument workshop, the home of the traditional Bodhran. Departing Roundstone to Ballyconneely village via stunning beaches at Dog's Bay and Gurteen Bay, you follow the rugged coastline to Ballyconneely, taking time to visit the Connemara Smokehouse, perched on the water's edge. Here the Roberts' family run Connemara's longest established smokehouse and are one of the few specialists in wild smoked salmon. You bike to the Alcock and Brown monument, dedicated to the first transatlantic flight in 1919 from New Foundland. Returning to Clifden via Ballynahinch Castle hotel by way of the scenic bog road where sheep are your only distraction. Tonight you may dine at a nearby award winning, family run restaurant where the seafood is truly the 'catch of the day'. Overnight in Clifden.

Daily Miles: Minimum of a 19 loop, with longer routes from 22 - 45 miles.

DAY 6: Rest and Relaxation

Today is a day with splendid opportunities to explore the little antique stores and galleries of nearby Clifden town. There are optional activities today including Horse back riding along the shores of Omey Island from the village of Cleggan; Golfing at the Connemara Golf Club at Ballyconneely or Fly fishing at Ballynahinch Castle. You bike the Sky Road. 'C'est Magnifique', I heard one day as we absorbed the island vista before us. You make our way to Connemara National Park and Letterfrack village, arriving at the splendid neo-gothic, Kylemore Abbey, nestled between the cliffs of Doughruagh and Poulacappal Lough. Tonight you recap your day's adventure in Renvyle / Recess. *Daily miles: Minimum of 15 miles, with the average miles to day covering 32 miles. Extensions available.*

DAY 7: Wild Connemara

Today your route will take us through the Lough Inagh Valley, one of the finest valleys in Ireland. On this morning's bike ride you'll see a stunning vista of peatlands, lakes, and forests. Today you take a cruise on the Killary Fjord, Ireland's only fjord, on 'the Connemara Lady'. You then continue biking around Killary Fiord surrounded by Maamturk and Mweelrea mountains. Through the village of Leenane, the setting for the Oscar winning film "The Field" with Richard Harris. Ease into the evening as you watch the sunset and enjoy some local gourmet delights and shared tales of the day's adventure. Overnight in Leenane. *Daily miles: Minimum 18 miles. Day's average 35miles with extensions.*

Day 8: Coastline and Clew Bay

Immerse yourself in your surrounds this morning. We spin onward through the mountain pass between Mweelrea, Connemara's highest mountain and the Sheefry Hills. Pedal by Doolough, spectacular in its dark beauty. This route is often referred to as the Famine Trail, dating back to tragic local events during the famine years of the 1840's. You reach Louisburgh, which translates to the delightful name of 'Meadow of the Buttercups' a quiet, traditional village and continue westward along Clew Bay. You arrive at Croagh Patrick, the west of Ireland's pilgrim mountain. Explore Murrisk Abbey, hike part of the Holy Mountain - or climb to the summit (2300 ft). Onward to the lively heritage town of Westport, a charming planned town with a unique blend of the old and new. Walk along the tree lined river at 'The Mall' and enjoy a late afternoon drink to unwind from your day. You can enjoy an evening of traditional, local fare, followed by traditional Irish Music where the lass faint hearted can join in and sing or dance should you so desire! Overnight in Westport.

Daily miles: Minimum 22 miles with a challenging extension climb of the Sheefry Hills (two 700ft climbs in quick succession).

DAY 9: Castle Extension or Departure

Today, sadly, today we bid you farewell. This morning you depart from Westport to your next point. We can assist you with any planning, be it rail, flight or car hire. Please also see our 'trip arrival and departure' instructions' for transport options.

You also have the option of extending your bike trip by one further day. Transfer or bike from Westport to Cong, and stay overnight at the historical, five stars, Ashford Castle Hotel. This is a magnificent opportunity to visit the historic village of Cong, most famed as the setting for the John Forde movie 'The Quiet Man' starring John Wayne and Irelands' famed Maureen O'Hara. Ashford Castle, perched on the edge of Lough Corrib, was built in 1228 and in later year's home to Sir Benjamin lee Guinness, of the famed Guinness family. Avid gardeners, Sir Guinness and his son, Lord Ardilaun created the beautiful gardens and surrounding acreage of woodlands. Nearby, the 12th century ruins of the Augustinian Abbey stand as a legacy to this fine castle.

Activity options include: horseback riding, falconry, fishing, golf in lieu of biking. These activities as options are costed as extras to your trip but can be booked on your behalf on advance. You may also elect to take a leisurely cruise on Lough Corrib from Ashford Castle. This option includes a visit to historical Inchgoill Island, where the remains of 5th Century St. Patrick's church lies nestled in the woods. Outside is a memorial stone with the inscription ' Lie Luguædon macci Menueh' (the stone of Luguædon, son of Menueh), one of the oldest inscribed stones in Ireland dated to 500 A.D.

Enjoy an evening dinner overlooking the castle grounds, often accompanied by music from the Drawing Room's grand piano.
Transfer next day to Galway Airport or Rail Station for departure to your next point.

OUR GREEN FOOTPRINT

We have arrived at an incredible moment in the history of travel. This is a time for us to show stewardship and leadership by embracing a new, greener set of principles, and by extension, the growing number of customers who now follow us. We know that, increasingly, international travellers are looking for unique, authentic experiences that are sustainable. Consumers today care about the environment, local communities and locally-produced food when they travel.

We have been integrating sustainable practices into our business operation as well as into our trips. By incorporating change into the areas of heating, lighting, water usage, printing and paper usage we have incorporated a green strategy into our business practise.

When you travel with CycleWest Ireland you will be supporting local Irish communities, local food producers and artisans, local business and by doing so, you creating your very own rewarding experience! At CycleWest Ireland, we celebrate the authenticity, the diversity and quality of Irish country homes and hotels. Each location has been selected for its personal and charming qualities. Typically family owned and run, we offer a superior selection of Bed and Breakfast guesthouses, country houses and hotels have been tried and tested on your behalf!

A wonderful breakfast made of home grown, organic or locally sourced produce is provided at the beginning of each day's cycling. At the end of each day, we have selected a variety of restaurants, many award winning, that are known for the finest Irish ingredients: local seafood, freshwater fish, vegetables and farmhouse cheeses all featured, often from their own gardens, farms and rivers.

CycleWest offers cycling tours in Ireland that combine authenticity and ambiance by emphasizing small groups, a relaxed cycling pace and charming accommodation. In this way, we hope to deliver a unique biking experience amidst the legendary countryside of Western Ireland. By travelling by bike we introduce a greater immersion into local communities and families on our trips. You get to meet and engage with local villagers and learn more about local Irish culture. Our guided tours are designed for individuals from all walks of life and of varied interests and abilities. We usually limit the number of participants to a small group: 8 – 10 persons in each group. This way we can offer a uniquely personalized experience to each of our guests. We provide vehicle support and luggage transport. By travelling as a small group we can truly have a positive interaction and social exchange with the people we meet and visit.

We give you the opportunity to learn some of the Gaelic language. By learning a few phrases and greetings in the Gaeltacht (Irish Speaking areas) you visit shows that you have an interest in the Irish history and culture.

Many places have special environmental and historical significance. We like to give you the opportunity to learn about places you visit and their impact upon our lovely country, areas of natural focus and our heritage here in Ireland.
